## REMINDERS!

Please remember that there are **NO parking facilities** within Coram. Please walk to nursery school.

If you have to drive for an occasional reason, please drive with care. Please **do not use the carpark** at the front of the Coram campus.

Today, I have watched the squirrels enjoy some chocolate croissants, some Ritz crackers and a freshly cooked pancake! **Please do not leave food in your buggies.**

Rats, mice and squirrels urinate regularly. They make use of wee as a way to mark routes, territories and on food to mark it as their own. Leaving food in the buggies means that you are encouraging them to wee in your child's buggy! We do not want to encourage rodents near to where our children and practitioners are working.

Most children should be **walking to nursery school**. If you do need to use a buggy sometimes, please take your buggy home as often as possible rather than leaving it outside the nursery.

Thank you for your cooperation.

Kind regards  
Perina Holness

Head teacher
